

## HINA SHAFIQUE QURESHI, MD

---

2030 Avon court Suite # 5  
Charlottesville VA 22902  
Cell: 434-284-2809  
Office: 434-220-4599  
434-563-7392  
Fax: 434-220-4599  
[dochina31@hotmail.com](mailto:dochina31@hotmail.com)  
[qureshi@premiumdermpath.com](mailto:qureshi@premiumdermpath.com)

### PERSONAL INFORMATION:

U.S Residence Status: Naturalized US Citizen

### CERTIFICATIONS AND ACADEMIC QUALIFICATIONS:

Diplomate of American Board of Pathology and Dermatology- **Dermatopathology** – **September 2006** (Valid until 2016)

Diplomate of American board of Pathology- **Cytopathology** **September 2005** (valid indefinitely)

Diplomate of American Board of Pathology - **Anatomic pathology** **June 2004** (valid indefinitely)

Diplomate of American Board of Pathology - **Clinical Pathology** **June 2004** (valid indefinitely)

ECFMG Certified - **1999** (valid indefinitely)

M.B., B.S. (Bachelor of Medicine, Bachelor of Surgery) from Dow Medical College Karachi, Pakistan. (Medical graduation - equivalent to MD in USA) **Jan 1996**

### CURRENT JOB:

Director and staff Dermatopathologist and Cytopathologist  
PREMIUM DERMATOPATHOLOGY LABORATORY **Sep 2008- till present.**  
[www.premiumdermpath.com](http://www.premiumdermpath.com)

### PROFESSIONAL EXPERIENCE:

Staff Pathologist at **Laboratory Corporation of America.** **Jan 2007-Aug 2008.**

Locum tenens/independent contractor in state of Virginia  
Staff Pathologist, VA medical center, Hampton, VA. **Aug 2006-Jan 2007.**

Dermatopathology fellowship at **UNIVERSITY OF VIRGINIA**, Charlottesville VA. **July 2005-June 2006.**

Cytopathology fellowship at **UNIVERSITY OF VIRGINIA**, Charlottesville, VA. **July 2004-**

**June 2005.**

Surgical Pathology Fellowship at **MAYO CLINIC** Rochester, MN. **July 2003- June 2004.**

Pathology (AP/CP) residency in the Department of Pathology, **HENRY FORD HOSPITAL,** DETROIT MI, **July 1999-June 2003.**

Full time RESIDENT in Microbiology in the Department of Pathology, THE AGA KHAN UNIVERSITY HOSPITAL, KARACHI, PAKISTAN . **Nov. 97- June 99.**

LECTURER in the Department of Pathology, Hamdard College of Medicine, Hamdard University, Karachi. **Apr 97 - Oct .97.**

Resident House Surgeon in the Department of Surgery, Surgical Unit –III, Civil Hospital, Karachi. **Aug 96 - Feb 97.**

Resident House Physician in the Department of Medicine, Medical Unit I, Civil Hospital, Karachi. **Feb 96 - Aug 96.**

### HONORS & AWARDS:

Secured **2nd place in Poster presentation** in 10<sup>th</sup> Annual Residents and Fellows Research Forum, Henry Ford Hospital, March 10-14, 2003.

Awarded **“Distinguishing Poster of the Note”** The Society for Investigative Dermatology, 63<sup>rd</sup> annual meeting, Los Angeles May 15-18, 2002.

Secured **1st place in Poster presentation** in 9<sup>th</sup> Annual Residents and Fellows Research Forum, Henry Ford Hospital, March 4-8, 2002.

Awarded **Gold Medal** in appreciation of securing first class first position in first Prof. M.B., B.S., examination.

Awarded **Gold Medal** in appreciation of securing first class second Position in 2nd Prof. M.B., B.S, examination.

Awarded **Gold Medal** in appreciation of securing first class second Position in final Prof. M.B., B.S. examination.

Final Prof. M.B., B.S., 1995: First **class second Position.** Honors in Medicine, Surgery, Ophthalmology, and Gynecology & Obstetrics.

Third Prof. M.B., B.S., 1994: **16/400 merit** Position.

Second Prof. M.B., B.S.1993: **First class second Position.** Honor in Pharmacology.

First Prof. M.B., B.S. 1992: **First class first Position.** Honors in Anatomy, Biochemistry, and Physiology.

Awarded Girl **Child Annual Talent Award** 1993 in the field of Medicine.

**Surgeon Munawer Ali Memorial Award** for excellence in M.B., B.S exams 95-96. Karachi, Pakistan.

### HONORARY POSITIONS:

Reviewer "Journal of Cutaneous Pathology" since 2007.

### BOOK CONTRIBUTIONS:

Contributed to chapter on skin diseases in online Rosai edition, 2007.

### ACTIVE MEDICAL LICENSURE:

License to practice Medicine in state of **Minnesota**

License to practice Medicine in state of **Virginia**

License to practice Medicine in state of **Maryland**

License to practice Medicine in **District of Columbia**

License to practice Medicine in state of **Georgia**

License to practice Medicine in state of **South Carolina**

License to practice Medicine in state of **North Carolina**

License to practice Medicine in state of **Florida**

License to practice Medicine in state of **Tennessee**

## PUBLISHED ABSTRACT/ PRESENTATIONS:

1. Erdag G, **Qureshi HS**, Patterson JW, Wick MR.

CD34-positive dendritic cells disappear from scars but are increased in pericicatricial tissue. Presented at American Society of Dermatopathologists 44<sup>th</sup> annual meeting, Oct 18<sup>th</sup> thru 21<sup>st</sup>, 2007, Baltimore, Maryland.

2. Erdag G, **Qureshi HS**, Patterson JW, Wick MR.

Solitary fibrous tumors of the skin: a clinicopathologic study of 10 cases and review of the literature. Presented at American Society of Dermatopathologist 44<sup>th</sup> annual meeting, Oct 18<sup>th</sup> thru 21<sup>st</sup>, 2007, Baltimore, Maryland.

3. **H S Qureshi**<sup>1</sup>, G Hampton<sup>3</sup>, W El-Rifai<sup>2</sup> and H F Frierson<sup>1</sup>. <sup>1</sup>Pathology, University of Virginia, Charlottesville, VA, United States; <sup>2</sup>Medicine, University of Virginia, Charlottesville, VA, United States and <sup>3</sup>Genomic Research, Genomics Institute of the Novartis Research Foundation, San Diego, CA, United States. Oligonucleotid and tissue Microarray analysis of Claudin-7 expression in normal human epithelia and their malignant counterparts. Presented at 95<sup>th</sup> USCAP annual meeting, Feb 10<sup>th</sup> – 17<sup>th</sup>, 2006 Atlanta, GA . *Modern Pathology* Jan 2005: vol 19 Supplement, no. 1.

4. **Hina Qureshi**, M.D, Hind Nassar\*, M.D, Danieal Visscher, M.D. Department of Pathology, Mayo Clinic, Rochester MN; Wayne State University, Detroit MI. Clinicopathologic Analysis of Solid Papillary Carcinoma of the Breast.

Presented at 94<sup>th</sup> USCAP annual meeting, Feb 26<sup>th</sup> – Mar 4<sup>th</sup>, 2005 San Antonio TX. *Modern Pathology* Jan 2005: vol 19 Supplement, no. 1.

5. **Hina S. Qureshi**, M.D, Susan S Abraham, M.D, Thomas C Smyrk, M.D. Department of Pathology, Mayo Clinic, Rochester MN.

Copper Stain in Chronic Biliary Disease: An Aid to Diagnosis? Presented at 94<sup>th</sup> USCAP annual meeting, Feb 26<sup>th</sup> – Mar 4<sup>th</sup>, 2005 San Antonio TX. *Modern Pathology* Jan 2005: vol 18 Supplement, no. 1.

6. Maria J. Worsham, Seema Sethi, **Hina Qureshi**, Mei Lu, Nivedita Tiwari, Usha Raju. Department of Pathology, Henry Ford Hospital.

Molecular differentiation of pleomorphic lobular carcinoma in situ. Presented at American Society of Investigative Pathology annual meeting of Federation of American Society of Experimental Biology April 17-21, 2004 Washington DC (*NIH CA 70923, DAMD DAMD17-00-1-0288 and DAMD17-02-1-0406*).*The FASEB journal* vol 18, no 4&5, 2004.

7. **Hina S. Qureshi** M.D, Adrian H. Ormsby M.D, Richard J Zarbo M.D, D.D.S, Chan K Ma M.D. Department of Pathology, Henry Ford Hospital.

The diagnostic utility of p63, CK5/6, CK 7 and CK 20 in distinguishing primary cutaneous adnexal neoplasms from metastatic carcinomas. Presented at American Society of Dermatopathology, 40<sup>th</sup> Annual Meeting Chicago, IL October 9-12, 2003. *journal of Cutaneous Pathology* Nov 2003

8. David Fivenson, MD, Gustin Rachel, MD, **Hina S. Qureshi**, MD Adrian H. Ormsby, MD Lim

Henry, MD, , Henry Ford Hospital, Detroit, MI.

CD30/CD7 ratio in lymphomatoid papulosis. Presented at Society for Investigative Dermatology, 64<sup>th</sup> annual meeting, Florida April 29-May 4, 2003. *Journal of Investigative Dermatology*, April 2003

9. **Hina S. Qureshi** M.D, Mohammad N. Mahmood M.D, Adrian H. Ormsby M.D, Richard J Zarbo M.D, D.D.S, Chan K Ma M.D. Department of Pathology, Henry Ford Hospital.

The utility of CK5/6, CK 7 and CK 20 in distinguishing primary cutaneous adnexal neoplasms from metastatic carcinomas. Presented at 6<sup>th</sup> Joint Meeting of The International Society of Dermatopathology, San Francisco, CA, March 19-20, 2003. *American Journal of Dermatopathology April 2003, vol 25: No. 2.*

10. **Hina S. Qureshi** M.D, Mohamed E. Salama M.D, Ila Bansal M.D Chen Ma M.D, Min Lee M.D, Usha Raju M.D, Adrian Ormsby M.D. Department of Pathology, Henry Ford Hospital.

An in-situ component in primary mucinous carcinoma: a new morphologic parameter distinguishing primary cutaneous from metastatic mucinous carcinoma. Presented at 6<sup>th</sup> Joint Meeting of The International Society of Dermatopathology San Francisco, CA, March 19-20, 2003. *American Journal of Dermatopathology April 2003, vol 25: No. 2*

11. Mohamed E. Salama, **Hina S. Qureshi** Muhammad N. Mahmood, , Chan Ma, Richard J. Zarbo, Adrian H. Ormsby. Pathology, Henry Ford Hospital, Detroit, Michigan,

P16 INK4A, p53 and MIB-1 Expression in squamous cutaneous malignancies: An evaluation of 177 cases using tissue microarray analysis. Presented at 6<sup>th</sup> Joint Meeting of The International Society of Dermatopathology San Francisco, CA. March 19-20, 2003. *American Journal of Dermatopathology April 2003, vol 25: No. 2.*

12. Ila Bansal M.D, Howly Kerr M.D\*, **Hina S. Qureshi** M.D, Henry W. Lim M.D\*, Adrian Ormsby M.D. Department of Pathology, \*Dermatology, Henry Ford Hospital.

Polymorphous light eruption: Pinpoint papular variant. Presented at 6<sup>th</sup> Joint Meeting of The International Society of Dermatopathology San Francisco, CA. March 19-20, 2003. *American Journal of Dermatopathology April 2003, vol 25: No. 2.*

13. Mohamed E. Salama, Muhammad N. Mahmood, **Hina S. Qureshi**, Chan Ma, Richard J. Zarbo, Adrian H. Ormsby. Pathology, Henry Ford Hospital, Detroit, Michigan,

P16 INK4A is a sensitive and specific marker of squamous cutaneous malignancies: An evaluation of 203 cases. Presented at USCAP annual meeting held in Washington DC March 22<sup>rd</sup>-28<sup>th</sup> 2003. *Modern Pathology Jan 2003: vol 16, no. 1.*

14. **Hina S. Qureshi** 1, U Raju 1, M Salama 1, G Divine 1, N Tiwari 1 and M J Worsham 1. 1Pathology, Henry Ford Hospital, Detroit, Michigan.

Pleomorphic lobular carcinoma in-situ versus intermediate grade ductal carcinoma in-situ: a comparative analysis of loss of heterozygosity at BRCA 1/17q/21. Presented at USCAP annual meeting held in Washington DC March 22<sup>rd</sup>-28<sup>th</sup> 2003. *Modern Pathology Jan 2003: vol 16, Supplement.*

Secured **2nd place in Poster presentation** in 10<sup>th</sup> Annual Residents and Fellows Research Forum, Henry Ford Hospital, March 10-14, 2003.

15. **Hina S. Qureshi** 1, O Alassi 1, A H Ormsby 1, M D Linden 1, G Divine 1 and C K Ma 1. 1Pathology, Henry Ford Hospital, Detroit, Michigan,

Hepatocyte antigen and CD10 in primary and metastatic carcinomas of the liver: a comparison to alpha-fetoprotein (AFP), CK7 and CK20. Presented at USCAP annual meeting in Washington DC March 22<sup>nd</sup>-28<sup>th</sup> 2003. *Modern Pathology Jan 2003: vol 16, no. 1.*

16. **Hina S. Qureshi** 1, G Divine 1, M D Linden 1 and U Raju 1. 1Pathology, Henry Ford Hospital, Detroit, Michigan, E-Cadherin in Pleomorphic lobular carcinoma in situ and indeterminate carcinoma in-situ of breast. Presented at USCAP annual meeting held in Washington DC March 22-28, 2003. *Modern Pathology Jan 2003:vol 16, no. 1.*

17. **Hina S. Qureshi** M.D, Mohamed E. Salama M.D, Ila Bansal M.D Chen Ma M.D, Min Lee M.D, Usha Raju M.D, Adrian Ormsby M.D. Department of Pathology, Henry Ford Hospital. Presence of an in-situ component in primary mucinous carcinoma helps distinguish it from metastatic mucinous carcinoma. Presented at 10<sup>th</sup> Annual Residents and Fellows Research Forum, Henry Ford Hospital, March 10-14, 2003.

18. **Hina S. Qureshi** 1, O Alassi 1, A H Ormsby 1, M D Linden 1, G Divine 1 and C K Ma 1. Pathology, Henry Ford Hospital, Detroit, Michigan, Primary and metastatic carcinomas of the liver: Diagnostic role of Hepatocyte Antigen and CD 10 compared to alpha-fetoprotein (AFP), CK7 and CK20. Presented at 10<sup>th</sup> Annual Residents and Fellows Research Forum, Henry Ford Hospital, March 10-14, 2003.

19. **Hina S. Qureshi**, MD; Adrian Ormsby, MD; Marsha Chaffin-Zingas\*, MD; Naseema Kapadia\*\*, M.B. B.S, FCPS. Department of Pathology and Department of Dermatology\*, Henry Ford Hospital, MI. Department of Medicine and Dermatology, The Aga Khan University Hospital\*\*, Karachi, Pakistan. Effects of Modified Sample Collection on Fungal Culture Yield: Implications for improved Detection and Treatment of Candidal onychomycosis. Presented at 23<sup>rd</sup> Symposium of the International Society of Dermatopathology, Berlin, Germany, Sep. 12-14, 2002.

20. **Hina S. Qureshi** <sup>1</sup> MD, U Raju <sup>1</sup> MD, G Divine <sup>1</sup> Ph.D and M D Linden <sup>1</sup> MD. <sup>1</sup>Henry Ford Hospital, Detroit, Michigan, United States. Pleomorphic Lobular Carcinoma In Situ of Breast: Diagnostic Role of E-cadherin. Presented at ASCP/CAP annual meeting and exhibits, Washington DC, Oct. 12-15, 2002. *American J of Clinical Pathology 2002;118:650*

21. **Hina S. Qureshi**, CK Ma, KA Brown, DK Moonka, MS Abouljoud, RE Nakhleh. Henry Ford Hospital, Detroit, Michigan. Fulminant hepatic failure (FHF): Clinical pathologic study of ten cases treated with orthotropic liver transplantation. Presented at ASCP/CAP annual meeting and exhibits, Washington DC, Oct. 12-15, 2002. *American J of Clinical Pathology 2002;118:649.*

22. **Hina S. Qureshi**, MD, Chan K. Ma, MD, Min W. Lee, MD, D. Fivenson, MD, Lim Henry, MD, Adrian H. Ormsby, MD, Henry Ford Hospital, Detroit, MI. A comparative evaluation of Paraffin and frozen tissue Reactive T-cell Deletion markers (CD7, CD5) in Stage 1 Mycosis Fungoides (MF). Presented at The Society for Investigative Dermatology, 63<sup>rd</sup> annual meeting, Los Angeles May 15-18, 2002. *Journal of Investigative Dermatology July 2002, Vol 119 no.1 page 238.* Awarded “**Distinguishing Poster of Note**”

23. Shanu Agarwal, M.D, **Hina S. Qureshi**, M.D, Zirka Kalynych, M.D, Mujahed Abbas, M.D, Department of Internal medicine, \*Department of Pathology, Henry Ford Health System. Leprosy: An Unexpected Diagnosis. Presented at American College of Physicians Associate Meeting, May 17<sup>th</sup>, 2002 Ypsilanti, Michigan.

24. R E Nakhleh, **HS Qureshi**, C K Ma, H Yaziji & A Gown. Henry Ford Hospital, Detroit, Michigan; and PhenPath Laboratories, Seattle, Washington.  
Detection of Hepatitis C in Liver Allografts by Immunohistochemistry Using an Antibody Against Non Structural Protein 3 (NS3). Presented in the 2<sup>nd</sup> joint annual meeting of The American Transplant Congress (ATC) Washington D.C, April 26 to May 01 2002. *American j of Transplantation 2002 supplement 3; vol 2, 112*

25. **HS Qureshi**, U Raju, G Divine and M D Linden. Henry Ford Hospital, Detroit, Michigan, United States.  
Diagnostic and Predictive Value of E-Cadherin in Breast Carcinomas.  
Presented at 9<sup>th</sup> Annual Residents and Fellows Research Forum, Henry Ford Hospital, March 4-8, 2002.  
**Secured 1st place in best poster presentation.**

26. **HS Qureshi**, U Raju, G Divine and M D Linden. Henry Ford Hospital, Detroit, Michigan, United States.  
Diagnostic and Predictive Value of E-Cadherin in Breast Carcinomas.  
Presented at USCAP annual meeting in Chicago from Feb 23 to March 01 2002. *Modern Pathology 2002;15(1):188*

27. **Hina S. Qureshi**, M.D., David A. Margolin, M.D., Adrian Ormsby, M.D. Min W. LEE, M.D. Henry Ford Hospital, Detroit MI.  
Extramammary Paget's disease in Fibroepitheliomatous basal cell carcinoma in the perianal skin. Presented at International Society of Dermatopathology 5<sup>th</sup> Joint meeting, New Orleans, February 20-21, 2002. *American Journal of Dermatopathology April 2002, vol 24: No. 2.*

28. **Hina S. Qureshi**, MD, Chan K. Ma, MD, Min W. Lee, MD, Adrian H. Ormsby, MD. Henry Ford Hospital, Detroit, Michigan.  
Prospective evaluation of paraffin reactive T-cell deletion markers (cd7, cd5) in stage 1 mycosis fungoides (mf): implications for community Dermatopathology practice. Presented at International Society of Dermatopathology 5<sup>th</sup> Joint meeting, New Orleans, February 20-21, 2002. *American Journal of Dermatopathology April 2002, vol 24: No. 2.*

29. M Varela, A Abdeljalil, **HS Qureshi**, U Nori, J Lipsky. Henry Ford Hospital, Detroit, Michigan.  
Granulocytic sarcoma. Presented at American College of Physician Annual Meeting, Grand Rapids Michigan, September 20 to 23, 2001.

30. Naseema F Kapadia, **Hina S. Qureshi** the Aga Khan University Hospital, Department of Pathology and Department of Medicine-Dermatology.  
Effects of Modifying Sample Collection Technique (Microdrill vs Nail Clipping & Subungual Scraping) on Yield of Fungal Culture Nail. Presented at 11<sup>th</sup> biennial conference, International conference of dermatology, Rawalpindi, Pakistan, Nov 10-12, 2000.

31. **Hina S. Qureshi**, Qaiser Hassan, Badar J Farroqi, & Mohammad Khurshid. The Aga Khan

University Hospital, Karachi Pakistan.

Changing Pattern of Antibiotic Susceptibility of Organisms Causing Community Acquired Urinary Tract Infections. Presented 36<sup>th</sup> annual symposium of Jinnah Postgraduate Medical Centre Karachi, Pakistan Feb 26-27.1999.

32. **Hina S. Qureshi**, Q. Hasan , S. Zaidi & R . Hasan. The Aga Khan University hospital, Karachi Pakistan.

Comparative *in vitro* measurement of MICs of anti Staphylococcal antibiotics against methicillin sensitive and methicillin resistant *Staphylococcus aureus* at AKUH. Presented at 22<sup>nd</sup> National Conference of Pakistan Association of Pathologist, Multan, Pakistan, November 27-28, 1998.
